

# 2022 5th International Conference on Mechanical Engineering and Applied Composite Materials (MEACM2022)

**MEACM**  
BEIJING • 2022

28-29 December, 2022 | Beijing, China

**CALL FOR PAPERS**

<http://www.meacm.org/>

Calling For Papers/ Abstracts/ Listeners/ Posters/Speakers/ TPC Members

2022 5th International Conference on Mechanical Engineering and Applied Composite Materials (MEACM2022) will be held on December 28-29, 2022 | Beijing, China (On Virtual).

The conference program covered invited, oral, and poster presentations from scientists working in similar areas to establish platforms for collaborative research projects in this field. This conference will bring together leaders from mechanical engineering and applied composite materials to exchange and share their experiences, present research results, explore collaborations and to spark new ideas, with the aim of developing new projects and exploiting new technology in this field. We sincerely invite researchers from all over the world to participate in our conference!

## About Publication

Papers submitted to MEACM2022 will be reviewed by technical committees of the conference. All accepted and registered papers will be published in proceeding. And all papers will be submitted to **EI Compendex** and many other major databases.

### TOPIC1: MECHANICAL ENGINEERING

Engineer Materials  
Mechanical  
Precision mechanics, mechatronics Mechanical  
Manufacturing and automation Mechanics of  
Applied-Statics and Dynamics Mechanics of  
Fluid  
Mechanics of Solid Hydraulic  
transmission  
Mechanical-electronic engineering  
Mechanical power engineering  
TOPIC3: MATERIALS SCIENCE  
Metal and metal composite  
Nonmetal and metal  
composites  
Nonmetallic and nonmetallic  
composites material Composite  
materials  
Fiber composites  
Composite Materials  
Mechanics Functional  
composites  
Inorganic nonmetallic composites

### TOPIC2:MECHANICAL SCIENCE ANDTECHNOLOGY

Dynamics of machinery  
Precision Manufacturing and Processing  
Instrument Science and Technology  
Mechanical design and  
theory Gearing and  
transmissions Machine  
elements  
Robotics and mechatronics  
Micro/nano mechanisms and  
machines Robot mechanisms Control  
and application  
Research and Application of dynamic  
performances of mechanisms and machines  
For details about topics, please visit  
<http://www.meacm.org/cfp.html>

## Important Dates

Submission Deadline: December 20, 2022  
Notification Date: December 23, 2022  
Registration Deadline: December 27, 2022  
Conference Date : Decmber 28-29, 2022

## Submission

The All papers should be submitted using the submission system provided byEmail [cfp@meacm.org](mailto:cfp@meacm.org)
